

The *Vermont Philatelist*

Index to Volume 53 (Whole Numbers 209 to 212) May 2008 to February 2009

This is the first attempt at indexing *The Vermont Philatelist* since 1993. In 1970 XXXXX published an index to the first 100 issues of the *VP*. In 1993, Karl E. Henson published *Vermont Philatelic Index*. In the Introduction to his work, Henson noted “this is a comprehensive **index** that lists known literature pertinent to philately in Vermont. The index is made up of the following sources.... (including) *The Vermont Philatelist*.” However, since 1993, no general index to the *VP* has been published.

I hope to continue this indexing over the next few years eventually compiling individual indexes into an all encompassing index for the years following 1994.

How to read the index

Example: Burlington: 53 #2 (210) 16, 53 #4 (212) 10

This means that in Whole #210 the material is found on page 16 and in Whole #212 the material is found on page 10

53 #1 (209) is May 2008, 53 #2 (210) is August 2008, 53 #3 (211) is November 212, and 53 #4 is February 2009.
